Create Analysis - Payables Supplier Details

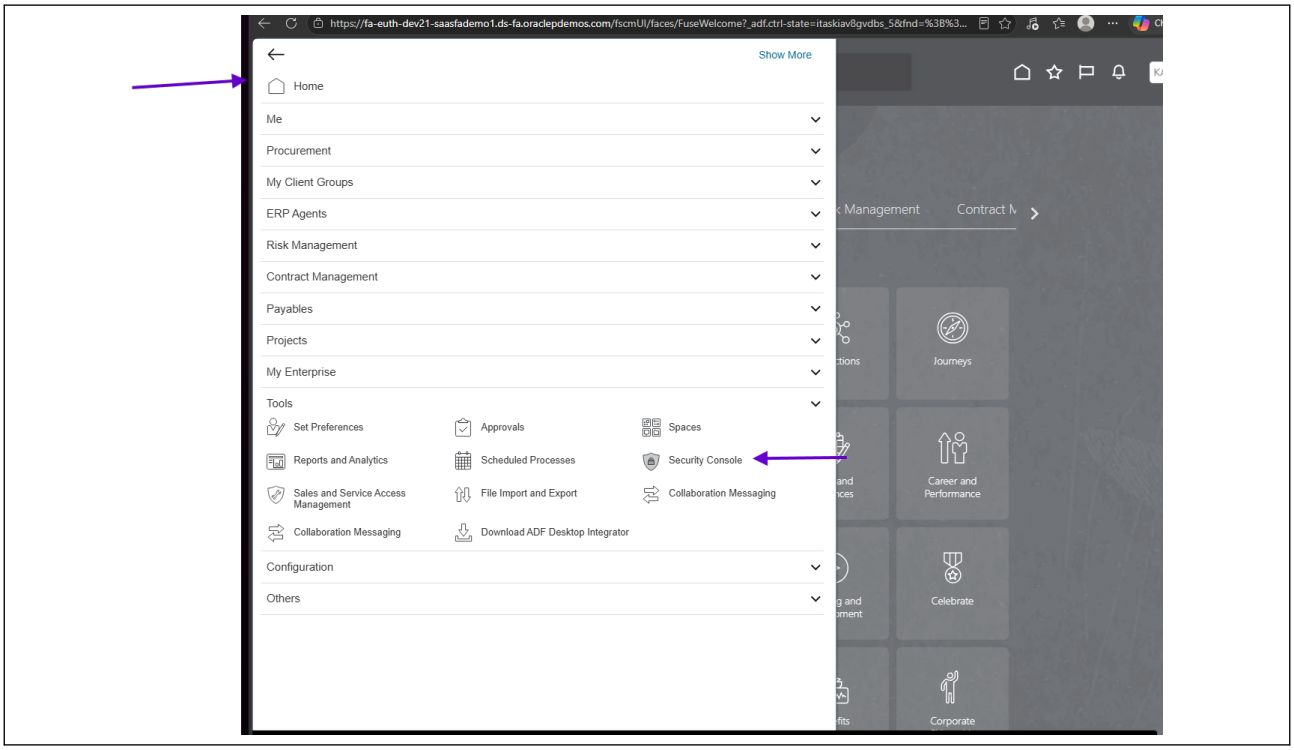

Goal: Build an analysis listing suppliers with invoice currency and amounts from the **Payables** subject area, save it and export it.

1. Log in and open the Catalog

1. Open the **Oracle Fusion** link. On the **Oracle Cloud Sign in** page enter **your username** (K.A) and **password** > **Next**.
2. Click the **Navigator** (three lines, top left) > **Tools** > **Reports and Analytics**.
3. Click **Browse Catalog** (top right). The **Oracle Transactional Business Intelligence** Catalog opens.
4. In **Folders** open **My Folders** > **TASK**. Save all your work in this folder.

Oracle Cloud Sign in with your username and password

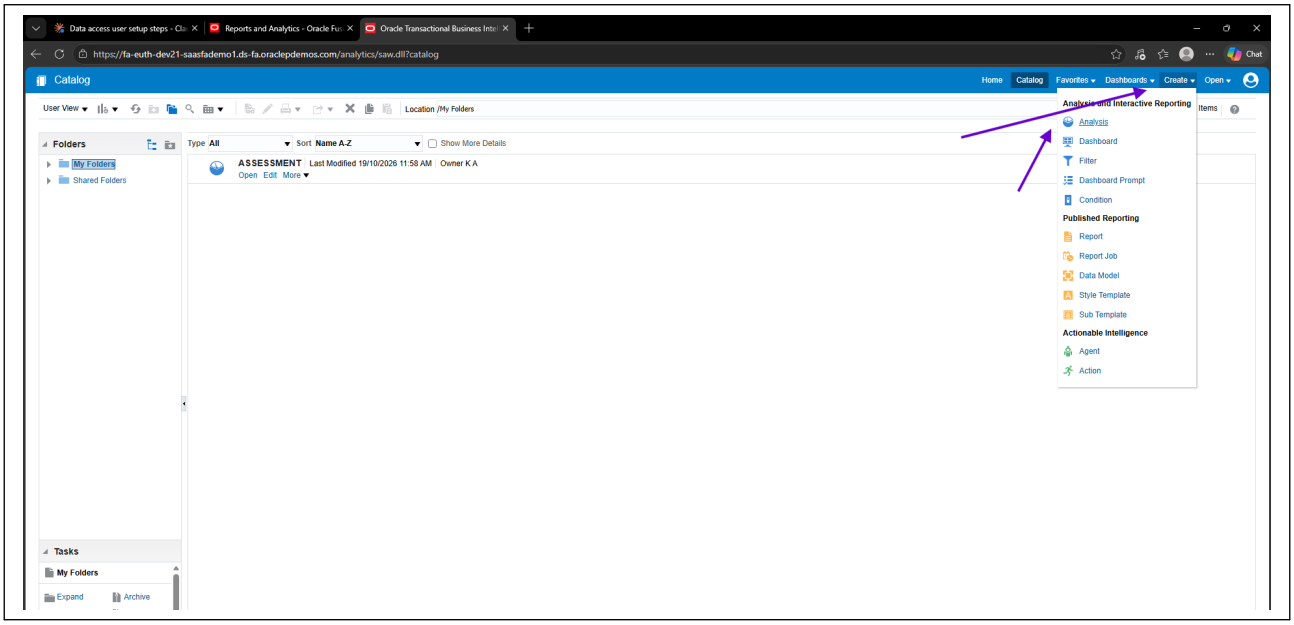

Navigator > Tools > Reports and Analytics (Security Console is also here)

2. Create a new Analysis

5. In the Catalog top bar click **Create** > under *Analysis and Interactive Reporting* click **Analysis**.

6. In **Select Subject Area** choose **Payables Invoices - Transactions Real Time**.

7. The editor opens on the **Criteria** tab (tabs: Criteria, Results, Prompts, Advanced).

Create > Analysis

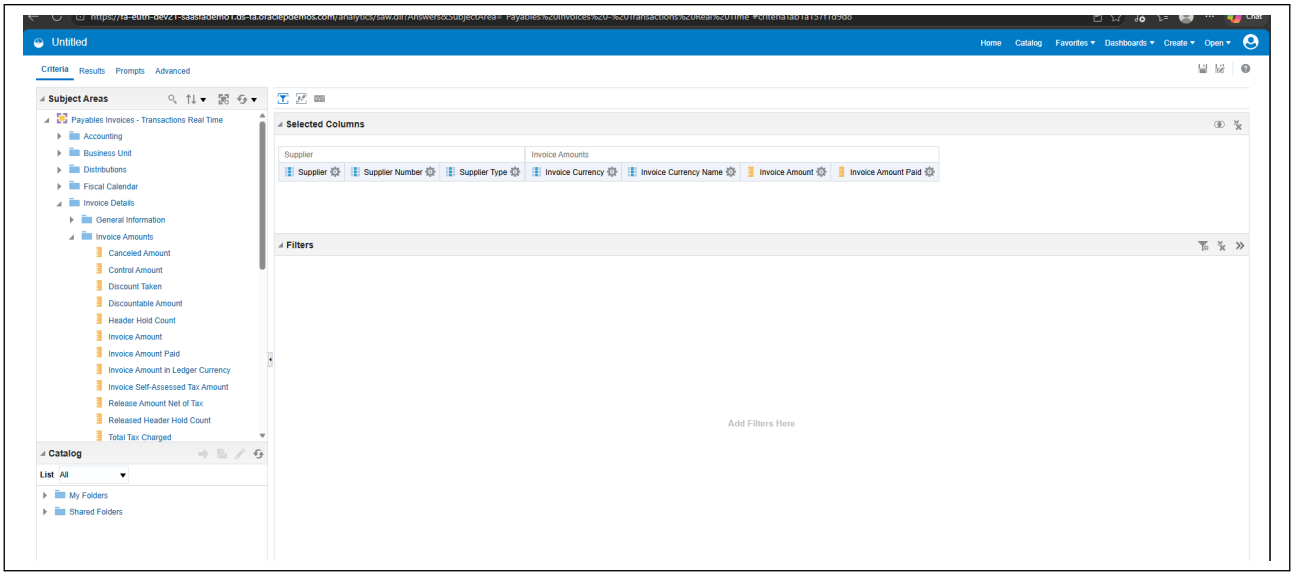

3. Add the columns (Criteria tab)

8. Expand the **Supplier** folder and double-click (or drag) into **Selected Columns**: **Supplier**, **Supplier Number**, **Supplier Type**.

9. Expand **Invoice Details** > **General Information** and add **Invoice Currency** and **Invoice Currency Name**.

10. Expand **Invoice Details** > **Invoice Amounts** (yellow = measures) and add **Invoice Amount** and **Invoice Amount Paid**.

11. Reorder columns by **dragging them** inside Selected Columns. The gear icon on a column gives **Sort**, **Edit formula**, **Column Properties**, **Filter**, **Delete**.

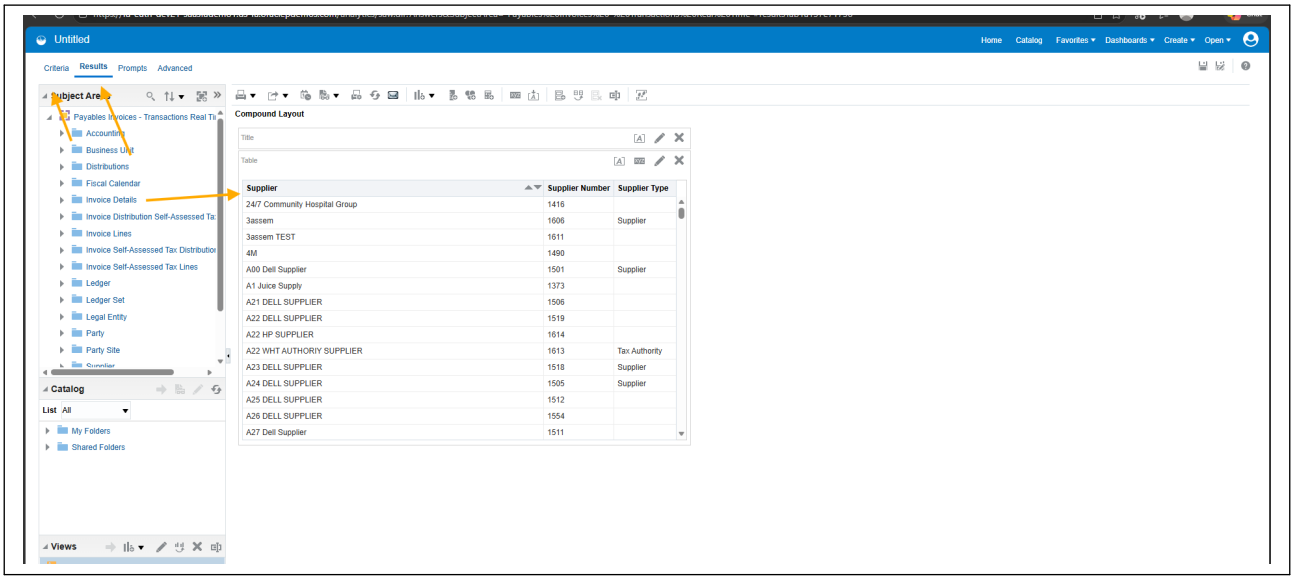

Selected Columns: Supplier + Invoice Amounts

4. Check the Results

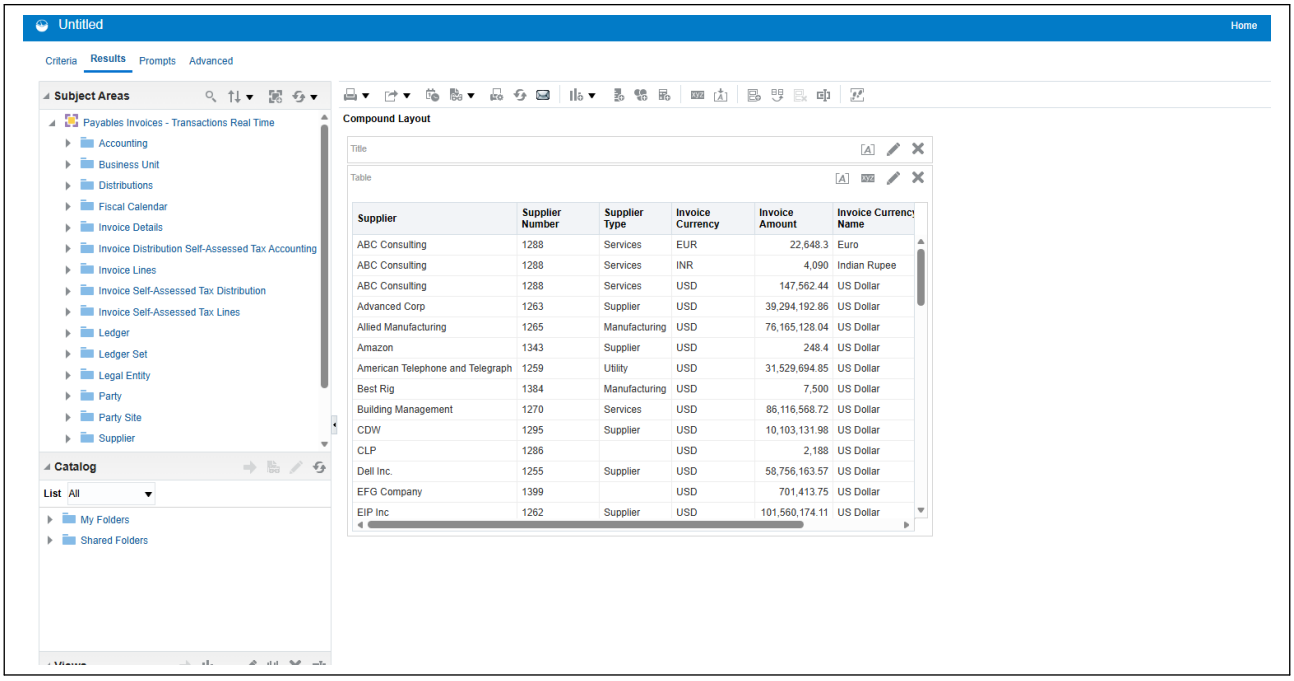

12. Click the **Results** tab. The **Compound Layout** shows the **Title** and **Table** views with your data.

13. Click a column header arrow to sort (e.g. Supplier A-Z).

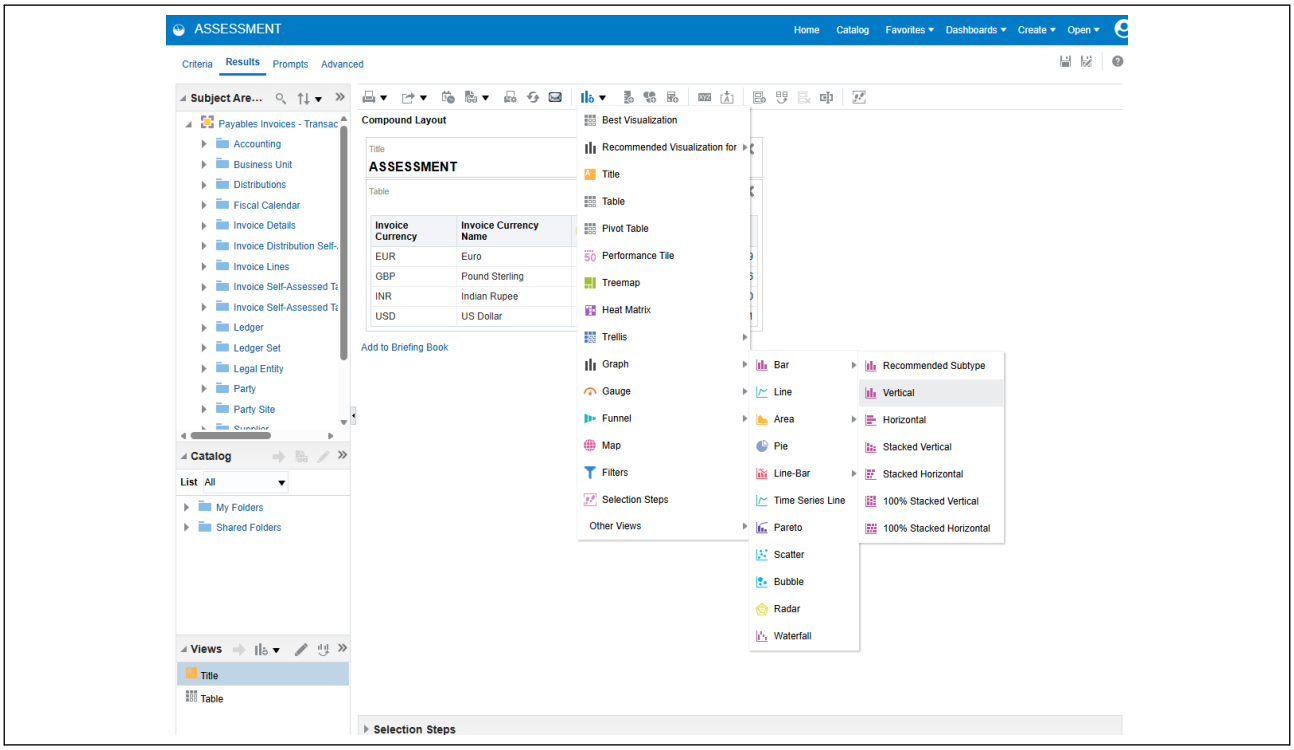

14. (Optional) Add a graph: toolbar **New View** > **Graph** > **Bar** > **Vertical**.

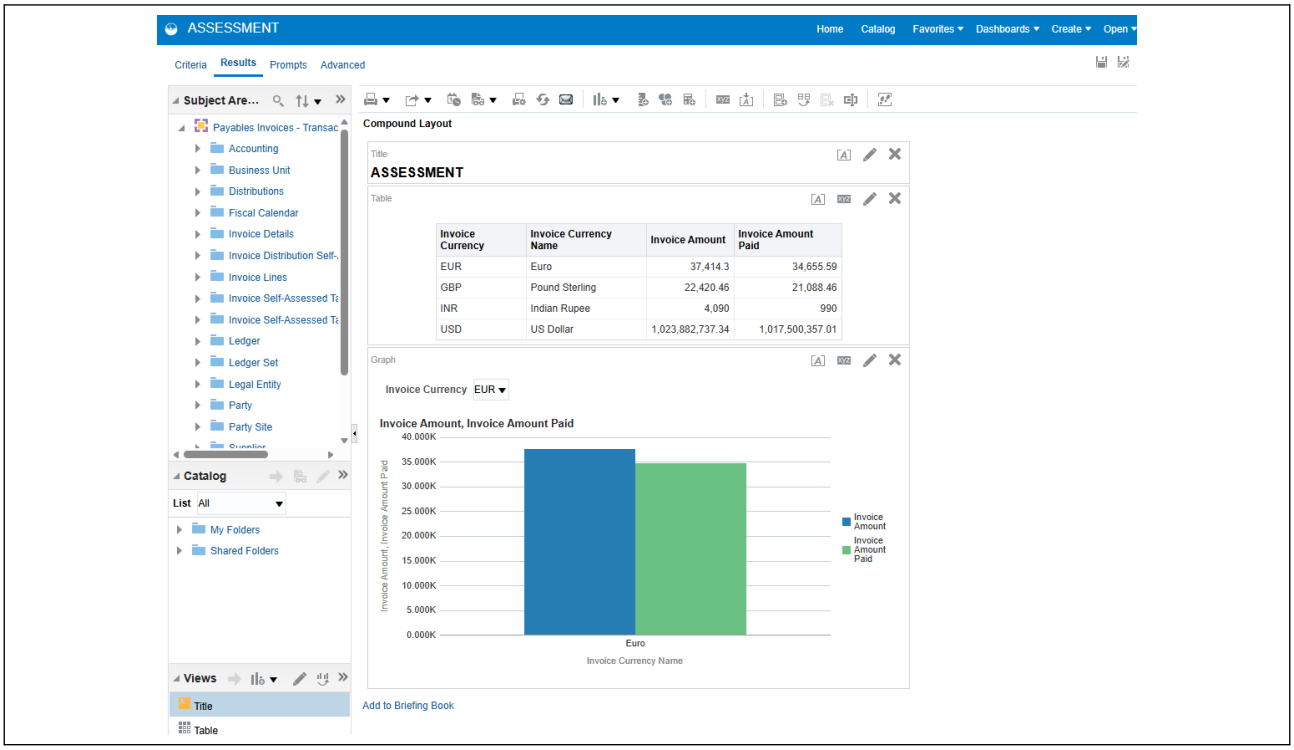

Results with only Supplier columns (first try)

Results with all columns

New View > Graph > Bar > Vertical

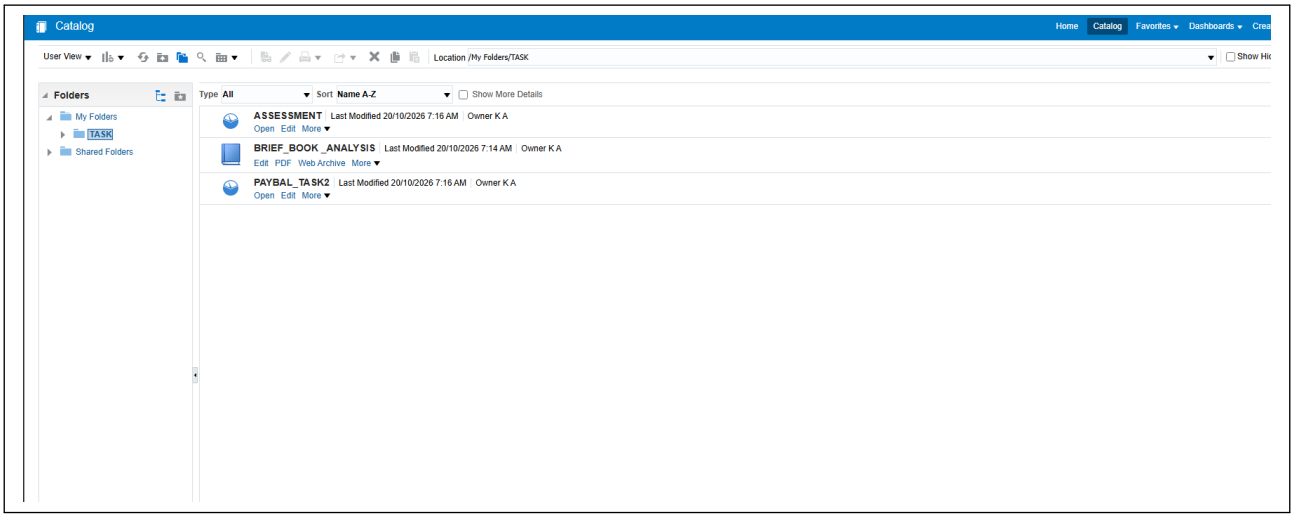

ASSESSMENT analysis with Table + Graph

5. Save

15. Click the **Save** icon (top right) > **My Folders > TASK** > name it **PAYBAL_TASK2** > **OK**.

16. Open **Catalog** and confirm it appears in My Folders/TASK.

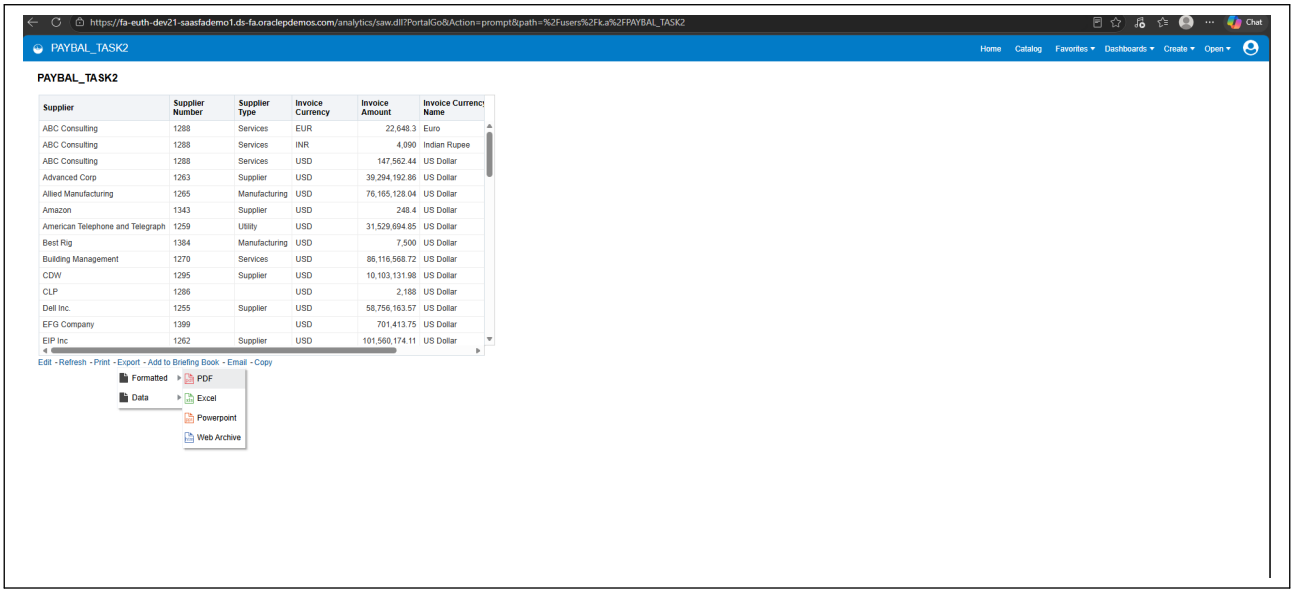

Catalog: My Folders/TASK

6. Open and export (the file will be downloaded)

17. In the Catalog click **Open** under PAYBAL_TASK2.

18. Under the table click **Export** > **Formatted** > **PDF**, **Excel**, **Powerpoint** or **Web Archive** (or **Data** > CSV).

19. The file is downloaded to your PC.

Export > Formatted > PDF / Excel / Powerpoint / Web Archive

7. Security - give permission (Owner) to another user

20. In the Catalog (My Folders > TASK) click **More** under your object > **Permissions** (or select it and click **Permissions** in the Tasks pane). You (K A) have **Full Control** and the **Owner** radio button.

21. Click the **+** icon. The **Add Application Roles and Users** window opens.

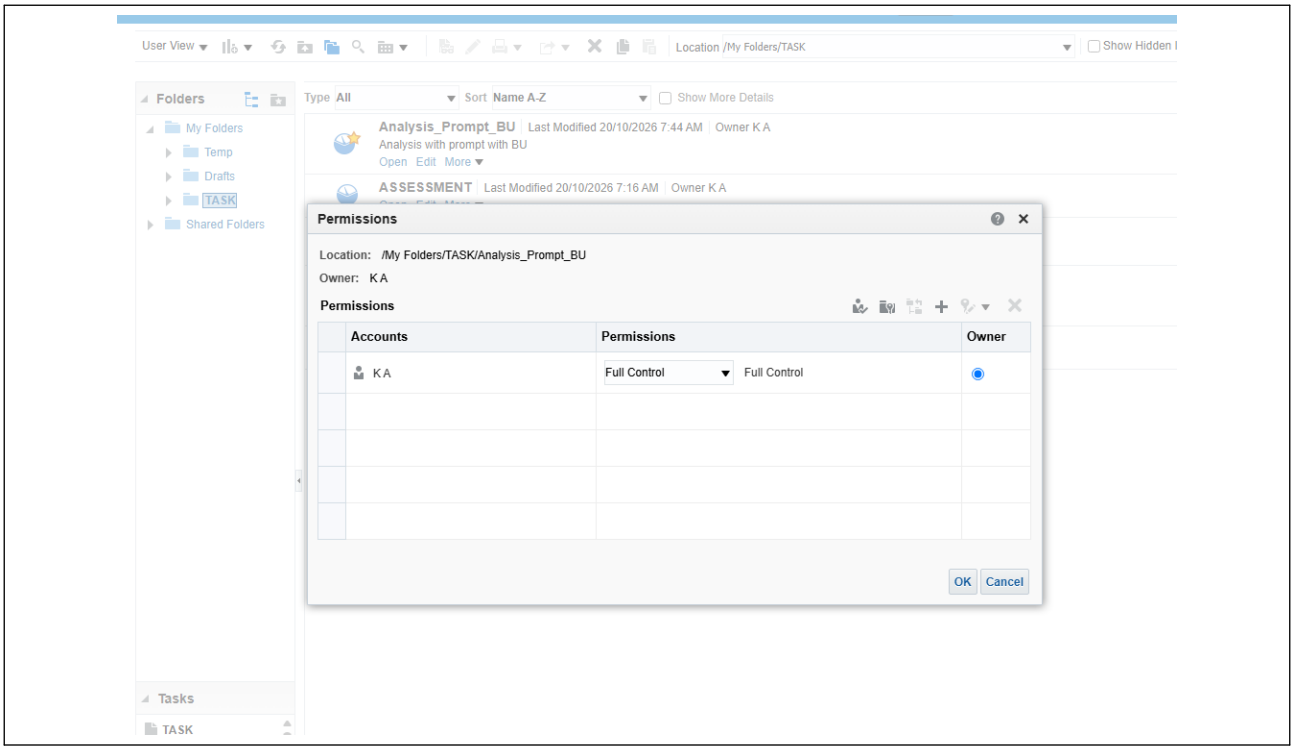

22. Change **List** from *Application Roles* to **Users**, type the user name in **Name** and click **Search**.

23. Select the user in **Available Members** and click **>** to move them to **Selected Members**.

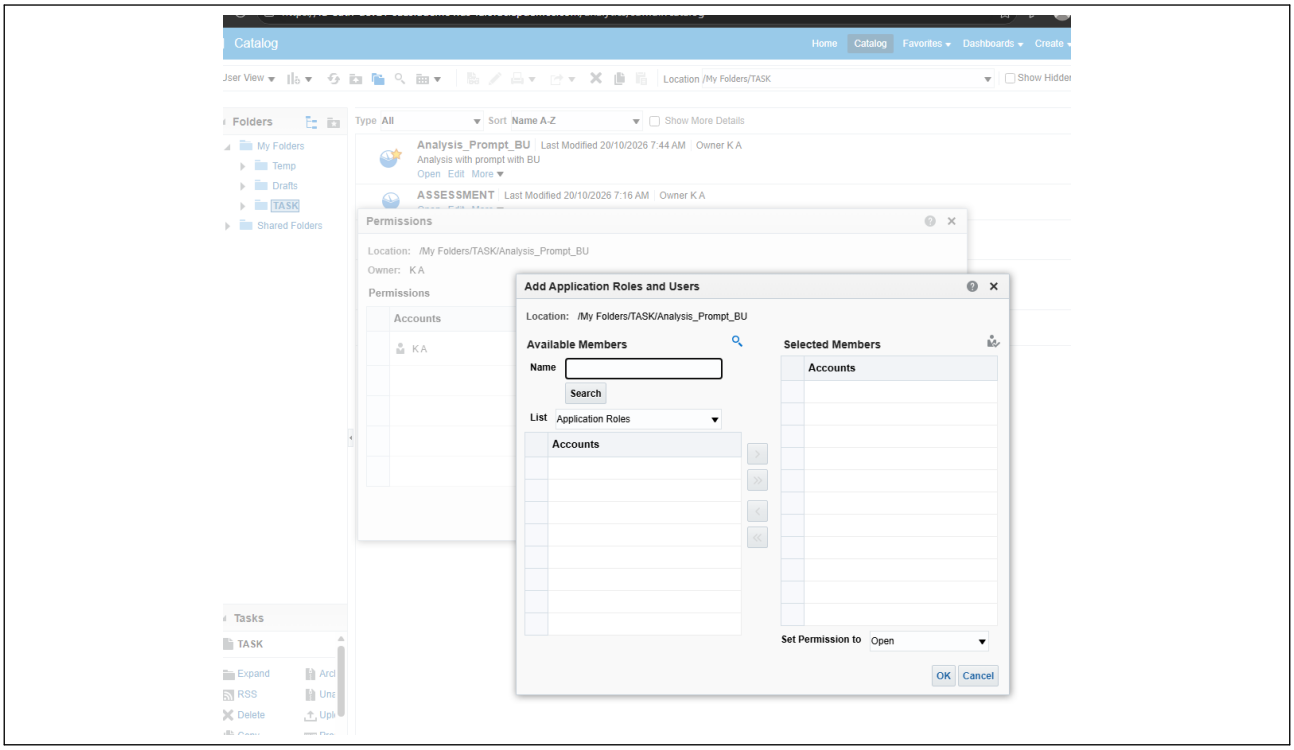

24. In **Set Permission to** choose **Full Control**, **Modify**, **Open**, **No Access** or **Custom** > **OK**.

25. Back in Permissions, to make that user the **Owner** select the **Owner** radio button on their row > **OK**.

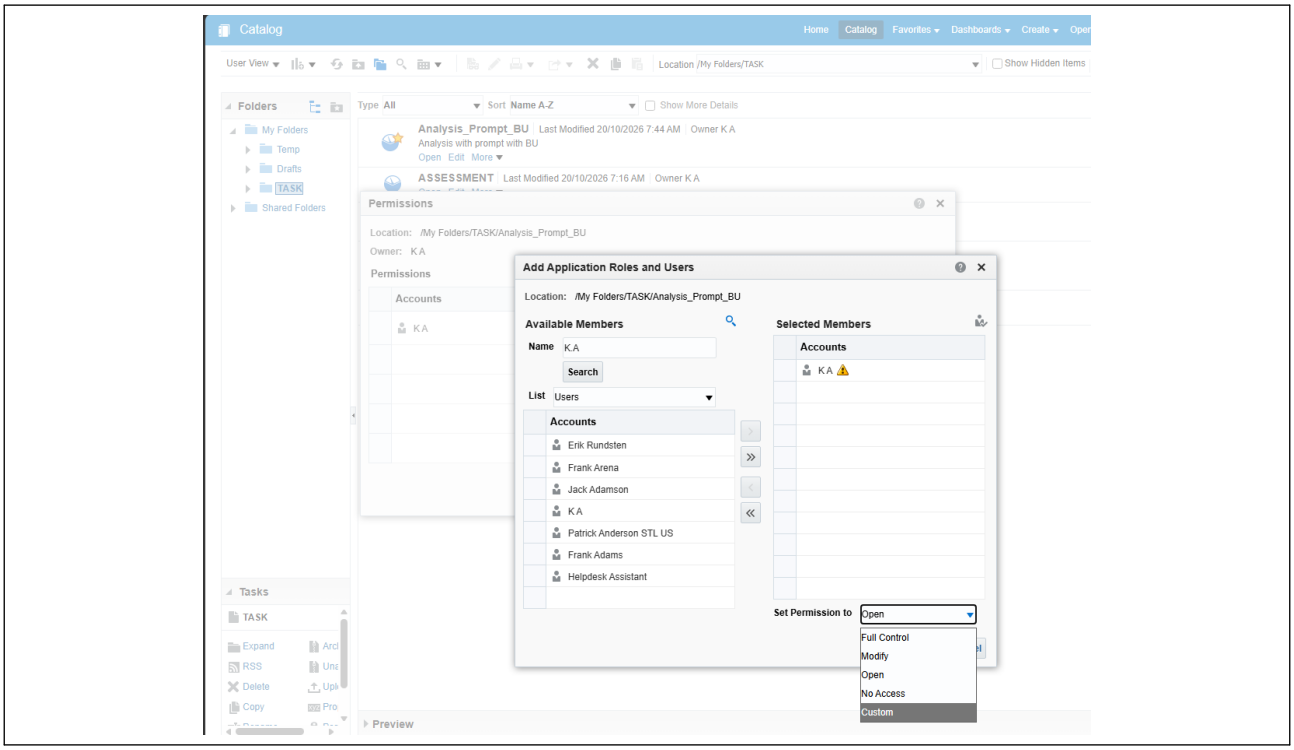

26. Do this for each object type: **Analysis**, **Data Model**, **Report** and **Dashboard**.

Permissions window - K A is Owner with Full Control

Add Application Roles and Users - List = Application Roles by default

List = Users, Search, move the user to Selected Members, choose Set Permission to

Expected result: Analysis **PAYBAL_TASK2** in My Folders/TASK showing Supplier, Supplier Number, Supplier Type, Invoice Currency, Invoice Amount and Invoice Currency Name.

Tips: • Blue icon = attribute, yellow icon = measure (number that is summed).
• Empty Supplier Type cells are normal in the demo data.
